

Dear Skip & Elisa,

Just a short note to let you know how much we appreciated the wonderful program offered by New Life. Your program makes getting through a very difficult situation much easier. It was nice to know that there are other parents in the same situation as we are - a teenager with a drug or alcohol addiction. I must admit, I wasn't sure if it was a program we could commit to because of the time constraints but we soon realized how thankful we were to the counselor at Jeff's high school for directing us to you. We were able to take something valuable away from each and every meeting. As weeks went by it was clear to see that Jeff was working the program. It got to the point where he said to us "I really don't mind going to meetings." He was much nicer to be around and we were able to actually have regular conversations on a daily basis.

I would like to close with a saying that I've heard from most of the parents that attend your group

"Thanks for giving us our son back."

Thanks again for everything.

Love,

Al & Donna
